Vue de face

Vue de profil

A close-up photograph of a black manual folding side mirror mounted on a dark blue car. The mirror has a sleek, aerodynamic design with a horizontal light strip integrated into its center. A watermark logo for 'ML MOTORLAND' is overlaid on the mirror's surface. The background shows the car's window and a blurred outdoor setting.

Sortie d'air climatisation

A close-up photograph of a white, rectangular air conditioning vent mounted on a light-colored, textured interior surface, likely the ceiling of a car. The vent has a grid of horizontal slats. A watermark for 'MOTORLAND' is overlaid on the vent. The background is slightly blurred, showing another vent further away.

Systeme climatisation

A close-up photograph of a car's interior, focusing on the center console. The image shows a manual gear shift lever with a leather-wrapped knob and a smaller mode selector lever. The gear shift has a multi-tiered base. The surrounding area includes a leather-wrapped steering wheel on the left and a leather-upholstered seat with a woven pattern on the right. The floor is covered in a dark blue carpet. A semi-transparent watermark 'MOTORLAND' is centered over the image.

Contrôle stabilité

A close-up photograph of the manual seat adjustment mechanism of a car driver's seat. The seat is upholstered in a dark, textured fabric. The adjustment mechanism is made of dark plastic and features several levers and a central handle. The car's interior, including the door panel and carpet, is visible in the background.

Accoudoir central

A close-up photograph of a chrome door handle on a dark-colored car. A small, square camera lens is integrated into the handle's design. The handle is highly reflective, showing the surrounding environment. A watermark 'ML MOTORLAND' is overlaid on the image.

ML MOTORLAND

Caméra de recul

The image shows the front interior of a car. The seats are upholstered in a dark grey fabric with a textured, woven pattern and light-colored stitching. The driver's seat is in the foreground, and the passenger seat is behind it. The center console and gear shift are visible between the seats. The dashboard and steering wheel are partially visible on the right side. A watermark "MOTORLAND" is overlaid in the center of the image.
