A close-up photograph of a car's interior dashboard. The dashboard is covered in black leather with a fine, pebbled texture. In the center-left, there is a rectangular air vent with a silver-colored metal frame. The vent has several horizontal black slats. A small, triangular silver vent is visible above the main one. To the right, a portion of a circular gauge or control knob is visible, featuring a silver ring and a black plastic part with a sun icon. The entire image is framed by a solid red border.
